

PE and Sport Premium Proposed Spending 2018-19

This year St Mark's have set aside £24,000. The grant is being used in accordance with the relevant conditions i.e. we do not employ coaches or specialist teachers to cover PPA these come from the school staff budget.

Items	How much	Why/ impact of this spending
Change 4 life-introduce C4L club to engage non-active children in a variety of sporting activities and healthy eating programs.	£400	To invite children for 'Change for Life' to target those who are less active and less healthy Provide a sports coach to undertake this club once a week in school time to introduce a variety of ways children can stay active. Introduce healthy eating and C4L booklets/ wristbands. Kitchen staff to lead talks and demonstrations regarding healthy foods.
Play leaders	£1400	To develop leadership in the school To develop responsibility To encourage children to have an active lunch time Coach to supervise once a week
PE equipment	£10000	To provide greater access to a range of sports and sporting equipment New sports offered
Events that we hold. -National Fitness Day -World Sports Day -Sports Day	£3000	Parents informed and invited Whole school involvement and children working with others (class/year) Involvement of WP and EH Learning new sports
External tournaments and matches with new kits / orienteering and minibus hires / Karen	£3000	We keep good links with local secondary schools (which year 6 girls may go to). We have a good relationship with staff, which means we have utilized their sports leaders to umpire at our events. This link allows us to enter all tournaments and matches and therefore we can offer many children the opportunity to take part in competitive play. Liaising with other schools means we have offered more fixtures so that there is more opportunity for different children to take part in competitive sport.
House competitions	£600	To have more house competitions. These needs to be more regular to involve all children and have more emphasis on the sporting values.
Support from HJ	£600	For having time to enter competitions. To have all the admin needed.
Tennis and swimming in term 5/6	£4000	With only half the class swimming the children get a more structured and focused session, which allows them to utilize the entire time in the pool. This benefits our non-swimmers too as they are able to have their own focussed session. In year 6, the non-swimmers had a bump session. Splitting the swimming, means over the course of the four years there will be less non-swimmers. Swimming pool maintenance.
Training for PE	£1000	Further develop PE leaders to them hold staff meetings for all staff. Coaches in for training or shadowing.
Transport	£1000	To increase access and uptake to sports and physical activities against other local schools
