OK, this is not the most intuitive website... but if you feel your child needs to push themselves further with literacy Into the Book is designed to help improve students' reading comprehension, as well as their ability to think and learn across the curriculum.

#7 [World Book reader](#)

Over 3000 e-books and audiobooks free to read for the duration of the current situation.

#8 'Wind in the Willows' Theatre Production

As theatres are forced to close their doors, The Wind in the Willows the Musical is available to stream online for free. The film was recorded live at the London Palladium.

You can watch the film by clicking PLAY VIDEO. In return they are asking for a small donation. Please note this is currently only available in the UK.

#9 Night Zookeeper

Fun, engaging games that increase vocabulary and improve spelling. Puzzles and challenges that develop grammar and structure skills. Inspiring prompts and story creation lessons that spark imaginations Not free but 52% off at the moment £3.92 a month.

Technology

#1 Scratch

Computer programming games

#2 Blockly

Computer programming games.

#3 Tinkercad

Tinkercad is a free, easy-to-use app for 3D design, electronics, and coding. It's used by teachers, kids, hobbyists, and designers to imagine, design, and make anything! A great introduction to CAD. Computer-aided design.

Science/ Geography

#1 EarthCam

Fascinate your children with live webcams from across the globe. Teach them about the world we live in right now. Show them the empty streets from around the globe. Eerie, yet educational.

#2 National Geographic Kids

Suitable for year 5 upwards – children can amuse themselves with these facts and games independently quite easily

#3 Nature Detectives

A fantastic idea if you can get to a remote park or forest. Pretty good if you just have a reasonable sized garden!

#4 Mystery Science

Many free, hour-long, structured science lessons from the US. They are offering some of their resources free at the moment.

#5 Crest Awards

Challenging and thought-provoking real-world STEM projects for young people of all ages. Although primary age 5+ will need a lot of help. Star Awards are a great introduction to problem-solving in STEM. They offer children the opportunity to learn through hands-on challenges that focus on their everyday lives. Anyone can run these activities. Entry fee per child: £1

UK / £4 International* = For around 8 hour-long lessons

#6 Geography Gaming

PSHE

#1 **Big life journal**

Resilience and growth mindset kits for children. All kinds of personal development covered. They sell you books, sheets OR printouts that your child completes and colour. Really great content and something a bit different from Easter cards, etc. Not free, but 50% off during coronavirus using code: STUCKHOME

Art

#1 **NGAkids Art Zone**

Teaches your children about art with 0% mess. That's right! Collaging without glue everywhere -priceless!

#2 **The Artful Parent**

Is a Facebook group with lots of arty suggestions

Languages

#1 **DuoLingo**

Not necessarily for children, but so user-friendly that a child could certainly use it to learn any language she wishes. I'd stay clear of Russian, Mandarin, Japanese and Greek, due to the alphabet differences, but all the rest children could work their way through at their own pace.

Timetable/Schedule/Structure

#1 **Free Online Schedule Maker**

You could make a timetable like the one below. Children do thrive on structure, it'll be easier for everyone. Hey! -Make yourself a timetable too if you like?! DO NOT FEEL GUILTY if this is not your cup of tea! You DO NOT have to be super-parent. The idea of a timetable might not work for you or your child. You do you.

Other educational sites

#1 **Ted Ed**
